-> Services to Parent	Parents receiving Head Start services. The Head Start program promotes the school readiness of young children from low income families through education services and services related to health, nutrition and social development.	Feb-09	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County.
-> Jail Collaborative Services	Individuals receiving services through the Allegheny County Jail Collaborative, a group of government agencies, nonprofit organizations, and community members focused on improving the transition of people returning to the community after leaving the Allegheny County Jail. The Jail Collaborative aims to assist individuals so that those who have entered the jail do not return to the criminal justice system. Services can either be provided in the jail, its Alternative Housing facilities, or in the community.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County.
-> Homeless and Housing Supports	Individuals or families receiving housing and supportive services provided by DHS and DHS-contracted providers due to a housing crisis. Services include housing assistance, case management, prevention and outreach.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Day Shelter	Individuals and families, who are homeless or otherwise at risk of homelessness, receive supportive services at a facility, such as meals, clothing, showers, case management and other services.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Emergency Shelter	Individuals or families residing in short term care and refuge, which typically ranges from one day to several weeks, due to an immediate need for housing. Emergency shelters are typically an early entry point into the homeless continuum of services.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Homeless Prevention	Individuals receiving prevention services, which help prevent an individual or family from becoming homeless by providing assistance with rent, utility and/or mortgage payments.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Permanent Supportive Housing	Individuals or families with disabilities receiving long term housing support.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Rapid Rehousing	Individuals or families receiving rent payment assistance, usually no longer than 18 months, as they rapidly transition from homelessness to permanent and stable housing.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Street Outreach	Homeless individuals or families who are living in unsheltered locations and are receiving outreach services meant to connect them with emergency shelter, housing or critical supportive services in addition to urgent, non-facility based care. Services include client engagement, case management, emergency health and mental health services, transportation and services for special populations.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Due to the nature of the way homeless street outreach programs operate, clients may remain enrolled longer than the time that they are actually participating in these programs, which can cause higher counts than the number actually being served in a time period. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Supportive Services	Individuals and families who are homeless receive supportive services such as case management, moving assistance, child care, education services, employment assistance/job training, housing search assistance, legal services, mental health or substance abuse treatment and other services designed to address the causes and effects of homelessness.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Bridge Housing	Individuals or families residing in facility-based or scattered site medium term housing, typically ranging from one month to two years. Similar to Transitional Housing, Bridge housing is for individuals and families experiencing homelessness and transitioning to a permanent housing solution.	Oct-13	Possible lag of 1 month for some clients.	The program only includes residents of Allegheny County. Counts prior to 2018 included both Transitional Housing and Bridge Housing. Transitional Housing projects were phased out leading up to 2018; 2018 and forward counts represent Bridge Housing only. Municipality, Neighborhood, School District, Zip Code, and all legislative district information for clients is based on a client's best address available in the data warehouse. As most persons receiving homeless services lack a current address, the data warehouse address may not be the most recent or most accurate address related to a client's living situation.
-> Mental Health Services (All)	Individuals receiving mental health services paid for by the County or HealthChoices (i.e. Medicaid managed care). Includes both clinical services, such as individual and group therapy and non-clinical services, such as case management.	Dependent on individual sources.	There can be several (3 or more) months of lag between the date of service delivery and records reflecting in the data warehouse.	The program only includes residents of Allegheny County. Reflects services that were contracted/billed on a fee-for-service basis and does not include any program funded services.
-> Criminal Justice Involved	Individuals receiving Justice Related Services (JRS) paid for by the County or HealthChoices (i.e. Medicaid managed care). JRS offers an array of supports designed to work with the Allegheny County Jail, District Courts, behavioral health and other community service providers to assist people with mental illness and/or co-occurring mental illness and substance use disorder who encounter the criminal justice system.
